# WELCOME TO THE RED SHOES SCHOOLS TOUR

# ABOUT THE GUIDE

This guide is to prepare you for our visit. We will be visiting your setting to teach a workshop based on our production of *The Red Shoes*.

# NEW ADVENTURES

New Adventures is an iconic and ground-breaking dance-theatre company, famous for telling stories with a unique theatrical twist.

As well as touring productions around the world, New Adventures delivers a range of opportunities and workshops for young people across the UK. From early years through to A-level studies, we journey with our young people through one-off workshops and residencies, on an adventure of discovery and expression through our unique story telling language and playful creative method.
